7) Although it is stated in the G.O. (Flag A) that the distribution of the Copies should be strictly limited to the list approved by Govt. there are certain practical difficulties in giving effect to this direction. For instance, there are now 2 Under secretaries against one when the order was issued. A copy for the Chairman of the Hindu Law Committee has been sanctioned. There will similarly be other requisitions and unless a definite number of extra copies are allowed to be printed, it will be difficult to comply with ~~requisite~~ urgent requisitions.

8) The Supdt. states that 150 Copies of the Art. Calendar were printed & issued against 104 authorized by Govt. The distribution list of these calendars has not been forwarded. The exp: on the copies is Rs 168.

9) The Cost on the Engagement Tablets (big) is Rs 215-6-10.

The total cost on the Calendars & Tablets amounts to Rs. 474-11-6.

Letter No. 669 dated the 18th January 1930 from Mr. C. Hayavadana Rao of the Bangalore Printing & Publishing Co. requesting for an approved list of Govt. Holidays by about the beginning of June each year and

soliciting patronage for the calendars published by the Bangalore Press.

2) The draft calendar is prepared in Kannada by the Azamk of the Muzrai Commr's Office and sent to this Office about the middle of September each year. The holidays are subsequently verified by referring the draft calendar to the Huzur Secy to His Highness the Maharaja of Mysore (for Hindu Holidays) and to the Christian and Muhammadan officers for the Christian and the Muslim festivals respectively. The calendar is finally verified with reference to the Hoc & Co diary and the list of Govt. Madras Govt. Holidays which is published in the Fort. 21) But. It is seen from the Correspondence
of the Bangalore Press with the Mysore
Cantt that the former proposes to supply
of the full Panchanga Mats. to the

taken as an authoritative one is a matter
for the Mysore Cantt. to decide.

As regards Chief Secy's query at

the monthly Calendars sent can any

45) The Bangalore Press has not quoted
for the Art Calendar of the Government Press and
therefore no comparison could be instituted in

Serial
No.

respect of the cost of its production. I may, however, be permitted to state that now that the piecework rates have been abolished in the Government Press in printing and binding, our cost for printing these calendars will be much cheaper than before. It will now work out to about 12 annas a copy as against about Rs 1-2-0 quoted before. It must also be remembered that the fewer the number of copies printed, the greater would be the cost for each copy; whereas the larger the number of copies printed, the cheaper the cost per copy. So, if we print a larger number of these art calendars, they can be ^{printed} ~~sold~~ at a cheaper rate than 12 annas a copy.

45) I should like to avail myself of this opportunity to submit that the printing of these art calendars in the Government Press may not be kindly ordered to be discontinued. The art -- calendar has been in existence for nearly a quarter of a century now and has established its name and position as an article of artistic production of the Government Press, eagerly looked ~~looked~~ for at the commencement of each New Year. It won the first prize of Rs 150/- in an all-India Competition in 1926 as the best specimen of printed art work as adjudged by a Committee of Judges in London. The number of copies now being printed is considerably restricted, and out

of the 150 copies now done, over fifty copies
copies are supplied to the Palace alone to
adorn the various sitting rooms of the Palace.
Its circulation may be further curtailed, if
necessary, but its annihilation may not be
kindly contemplated. It would be a calamity
to eliminate it from the Government Press.

Wall Calendar.-

67) The Bangalore Press is producing an
illustrated tear-off sheet calendar in colors
fit for hanging on the wall. This calendar is
not the same as the Government Press Art
calendar and ~~should not~~ ^{cannot} be ^{compared} ~~confounded~~ with it.
Its size, its get-up and everything are quite
different and therefore the price quoted for
our Art Calendar does not bear comparison with
the price quoted for this calendar by the
Bangalore Press. These two calendars should be
taken and considered apart.

68) This kind of ^{wall} calendar is not being
printed at the Government Press but I understand
that owing to the restriction imposed upon the
distribution of our art calendars, there is a
great demand for these illustrated wall calendars
of the Bangalore Press from Government offices
and officers who find it a welcome substitute
for the Government Art Calendar. I learn that
20,000 of these calendars are printed by the
Bangalore Press and sold in retail at 2 annas a
copy and wholesale at various rates of commission
varying from 12½ per cent to 25 per cent
according to the orders received. As the number

of copies printed is very large, it is not likely to cost more than one anna a copy for the Bangalore Press who are making a profit of another anna, or at least not less than half-an-anna, on each copy.

W^g) They quote 8 annas a copy for 150 copies of this calendar printed on art paper with a card board at the back. This price is very high. This art paper copy is not at all different from the ordinary copy in its general appearance except glazed art paper is substituted for the ordinary printing paper and a bit of thin card board is stuck at the back. I submit a copy of this art paper copy for ~~your~~ kind inspection and comparison with the ordinary copy. As there is no material difference between the two, the Bangalore Press may be requested to supply the ordinary paper copies alone at $1\frac{1}{2}$ annas a copy to all Government officers and offices who may be willing to purchase them from their own office contingencies.

50) Big Engagement Tablet.-

of the Bangalore Press

This tablet differs both in size and get-up from the Government Press tablet which is bigger and is printed in colours with full calendar on either side of the main date. The Bangalore Press quote 12 annas a copy for their one-colour tablet of smaller size and when I requested them to quote for a copy of the tablet just like ours, they telephoned their quotation at one rupee a copy. I figured out the cost on our present permanent wage system, and I

find that our cost also works out to almost the same rate. Hence it is a point for consideration whether to give it to the Bangalore Press or retain it in the Government Press.

Small Engagement Tablet.-

This tablet which is a week to a page is not being printed by the Bangalore Press at all. They have, however, quoted 9 annas a copy. I made sure by asking the Superintendent on the telephone whether they would print it in exactly the same style as the Government Press tablet in colours with one full calendar at one corner and gilt on the top for the words "Engagement Tablet" etc. They confirmed their quotation of 9 annas a copy for this style of production. On working out the cost in the Government Press on the permanent pay system, I find that our cost also works out to about the same amount. Hence it is a matter for decision whether to hand it over to the Bangalore Press or to keep it ^{on} in the Government Press. - -

Sheet Calendars.-

The Bangalore Press have merely quoted five rupees cheaper than the Government Press rates for both English and Kannada calendars. According to our further calculations as per permanent wages recently ordered, these can be printed ^{still} cheaper for about Rs 230/- in the Government Press. The difference is not much but it is for the decision of Government to order the continuance of their printing in the Government Press or otherwise.

~~The~~ Under the circumstances mentioned by the Supdt. in his U.O. note, perhaps the existing arrangement of printing the Art Calendar etc. in the Govt. Press itself may continue, on the assurance that the cost will be reduced as indicated by him in each case.

56) At present only 150 copies of the Art Calendar are printed and their supply is regulated by the G.O. dated the 21st Sept. 1928 (Flag B). From the distribution list attached to that G.O. it will be seen that only officers of and above the grade of Senior Assistant Commissioners are supplied with Art Calendars, and as no separate wall Calendars are printed in the Govt. Press, the several offices and the remaining Govt. officers have to be content with sheet Calendars alone. It would be a great convenience if the Heads of Dep'ts are authorized to purchase wall Calendars from the ~~Govt.~~ Bangalore Press at 1/2 annas per copy as suggested by the Supdt. for supply to the several offices under them, meeting the cost from the Contingencies of each office concerned. This wall calendar will also ~~contain~~ indicate the authorized Govt. holidays, a

list of which is proposed to be furnished to the Bangalore Press by the end of Aug: each year. If this is done, it may even be possible to reduce the number of Art Calendars, limiting their supply to ~~the Heads of Depts, Secys to Govt & Commr, and District Judges~~ the officers of the status of Dy. Commr and above. Including the supply to the Palace, it may be sufft: if 100 copies are printed.

57) The Bangalore Press may perhaps be informed that it is not possible to comply with their request in the matter of entrusting them with the printing & supply of Art Calendars etc., on behalf of Govt: but that every attempt will be made to furnish them with the list of authorized Govt: holidays before the end of Aug: each year, if they are prepared to supply their ordinary work Calendars to Govt: officers at not more than 1/2 annas per copy.

Dear Sir,

19-1-30

You are aware that the Bangalore Press is annually printing a very large number of its calendar. The issue this year totalled 20,000 copies, which were sold out even before they were out of the Press. This testifies to its popularity. To say that copies of it are in great demand all over the State is to utter a mere commonplace. The demand is a yearly growing one and it has been found impossible to meet it without starting its printing earlier than hitherto. This we cannot do as the list of Government holidays, including feasts and fasts as approved by Government, is not available earlier than November or December each year. As our calendar is used very widely in all the Public Offices in the State, we cannot publish it without this approved list. If the Government can help us with its approved list of holidays by about the beginning of June each year, it would enable us to print more copies of this in advance to satisfy the needs of the people. We would, therefore, request

Mr. C. Hayavadhana Rao, Secretary of the Bangalore Press and Publishing Co., Lake View, Bangalore in his letter dated the 18th January 1930 to the Dewan represented that the annual calendars issued from their Press ~~was~~ having a very wide circulation and with a view to meet the growing demand for calendars of his press, he wanted to start the printing of them earlier and ~~described~~ ^{desired} to have a list of approved Government holidays early in the month of June each year.

In this connection, he desired that in view of the curtailment in the publication of Government calendars, that their Press may be given the patronage of supplying to Government as many copies of the calendars as are required by Government ^{at} a nominal cost both ordinary and on art paper. The Third Member suggested in this connection that the Bangalore Press would be prepared to make a free supply by way of advertisement of the required number of calendars and engagement tablets and if so the printing of them in the Government Press may be discontinued.

At present calendars and Engagement tablets are being printed at the Government Press as noted on the margin at a total cost of Rs.724-11-6. Reference was made to the Bangalore Press as to their quotations for printing the same and their quotations works up to Rs.505-13-0 as noted on the margin. So if the printing of calendars and engagement tablets are entrusted to the Bangalore Press there may be a savings of

the Press Committee's recommendations
the Bangalore Press are likely to get
a fair share of the patronage of Govt.,
by way of being entrusted with the
printing of Government works. On these
considerations the Bangalore Press may
perhaps be asked to quote their quota-
tions at a concession rate.

As regards the list of approved

the Muzrai Commissioner has stated that
it would be possible to supply the same
by the end of August each year.

CHIEF SECRETARY
30 MAY 1930

SIR,

With reference to your letter No.G.13123/G.M.47-29-27 dated 7th May 1930, enquiring whether efforts cannot be made to give the list of verified Government Holidays before the end of June, I have the honor to submit herewith a copy of the report of the Agamik of my office, stating that the new Panchanga is not yet ready, but that however if the assistance of a Siddhanti be given to him he will be able to complete the calculations and submit the list by the 10th July. It will be seen from the Agamik's report that Siddhantis are not available in Bangalore and that if the services of one have to be requisitioned from Madras, a suitable honararium will have to be sanctioned to him for the work. I am of opinion that it is not worth while incurring any additional expenditure on this account.

I have the honor to be,

Sir,

Your most obedient servant,

R. N. Venkataswami Chetty
For Muzrai Commissioner.

Copy of the letter No. 6390 dated 19th June 1930 from the Superintendent, The Bangalore Press, Bangalore City, to the Muzrai Commissioner to the Govt. of Mysore, Bangalore.

In my interview with Mr. R.A. Narasimha Aiyangar, last week, about the supply of the list of the authorised holidays every year for the publication in our wall calendar, diary etc., I beg to state that the Press will, at its own cost, arrange to supply the full Panchanga matter required for all the 12 months of the year as early as the month of April. This will enable your Department to work^{out} the list of authorised holidays for the year concerned. I shall thank you, therefore, to kindly do the needful in the matter on the lines suggested by the Government on our representation to them. As we have to take up the printing of the calendar work in the first week of the month of August, the latest, it would be a great help if we could have the list of authorised holidays at the end of July, at the latest. I trust that this suggestion of ours will meet with your kind approval and we will be enabled to push through the printing of the Calendar by about the 1st August each year.
